# ADEPTLESSOR WEBSITE REVIEW

**REVIEW 1:** Change WhatsApp No to +2349053811061

REVIEW 2: One the Dashboard, add a New Application Button there like shown in the screenshot below

REVIEW 3: Add a text in the area marked red in the screenshot below, informing User that he should click on the arrow at the right hand side of the screen to start a New Application

REVIEW 4: As shown on the screenshot below, remove the 'Full Business Name' and also remove the Business Name in the 'Incorporation Certificate/Business Name' textbox

REVIEW 5: As shown on the screenshot for the guarantor's session of the Application form, please add 'Referees/ Guarantor Company or Place of Employment'

REVIEW 6: As soon on the screenshot below, this is what happens when I tried uploading a PDF file. Though I haven't checked if it happens with upload Jpeg and png, but this app should be able to accept PDF upload. And User should be able to upload multiple files.
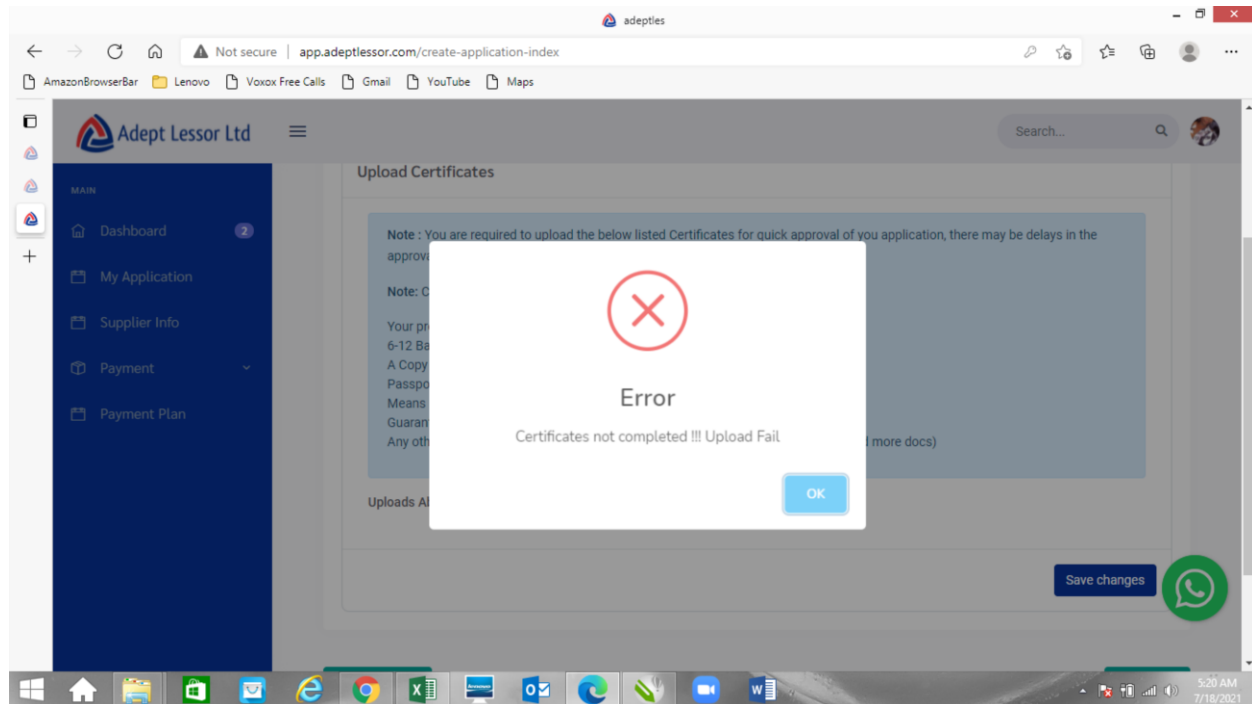

REVIEW 7: As shown by the read mark on the screenshot below, here are the corrections:

FOR GOODS TYPES: This is the list of the Good Types that should be there: AUTOMABILE/VEHICLE LEASE | HOME APPLIANCES/FURNITURE | OFFICE EQUIPMENT | MEDICAL/HOSPITAL EQUIPMENT | DEVICES/LED SCREENS

FOR PAYMENT PLAN: Change it to a list drop down with the following items: 3 MONTHS SPREAD | 6 MONTHS SPREAD | 9 MONTHS SPREAD | 12 MONTHS SPREAD | 15 MONTHS SPREAD | 18 MONTHS SPREAD | 24 MONTHS SPREAD | 30 MONTHS SPREAD

The adding of the payment plan will be done by the admin when approving an application, but this will enable us know how months spread a client is interested in for his or her leasing

Also add a new Drop Down Box here and call it "Advance Rentals". It should have the following List: 5% | 10% | 15% | 20% | 25% | 30% | 35% | 40% | 45% | 50% | 55% | 60% | 65% | 70% | 75% | 80% | 85% | 90% | 95% | 100%. Also add the following Note somewhere around the box: *'How Much Advance Rentals are you willing to make for this leasing Application? Please note Automobile/Vehicle Leasing has a mandatory minimum 30% equity contribution'*

REVIEW 8: As shown on the screenshot below, the Close is not responding when I clicked on it. If I start an application, I may decide not to continue, that CLOSE should be functional incase a user doesn't want to continue again with the application.
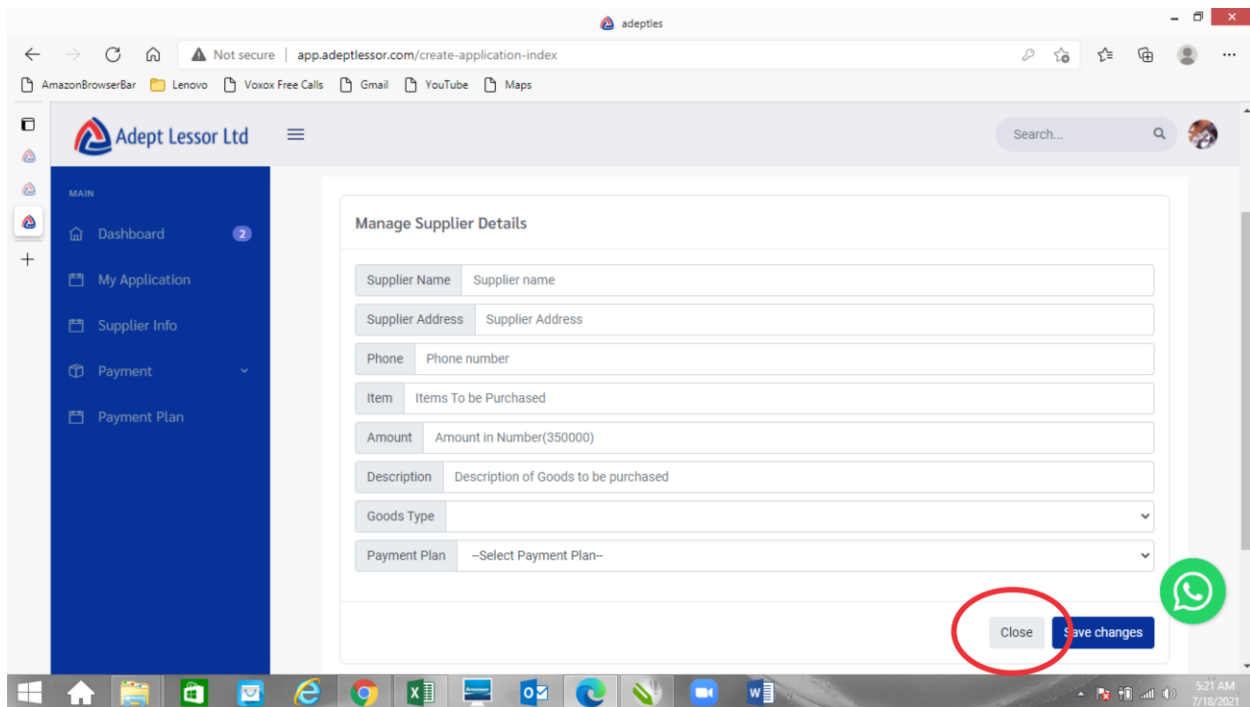

REVIEW 9: As shown on the area marked on the screenshot below, please add a text instructing the user to click on the arrow on the right hand side to create a New Payment Plan.
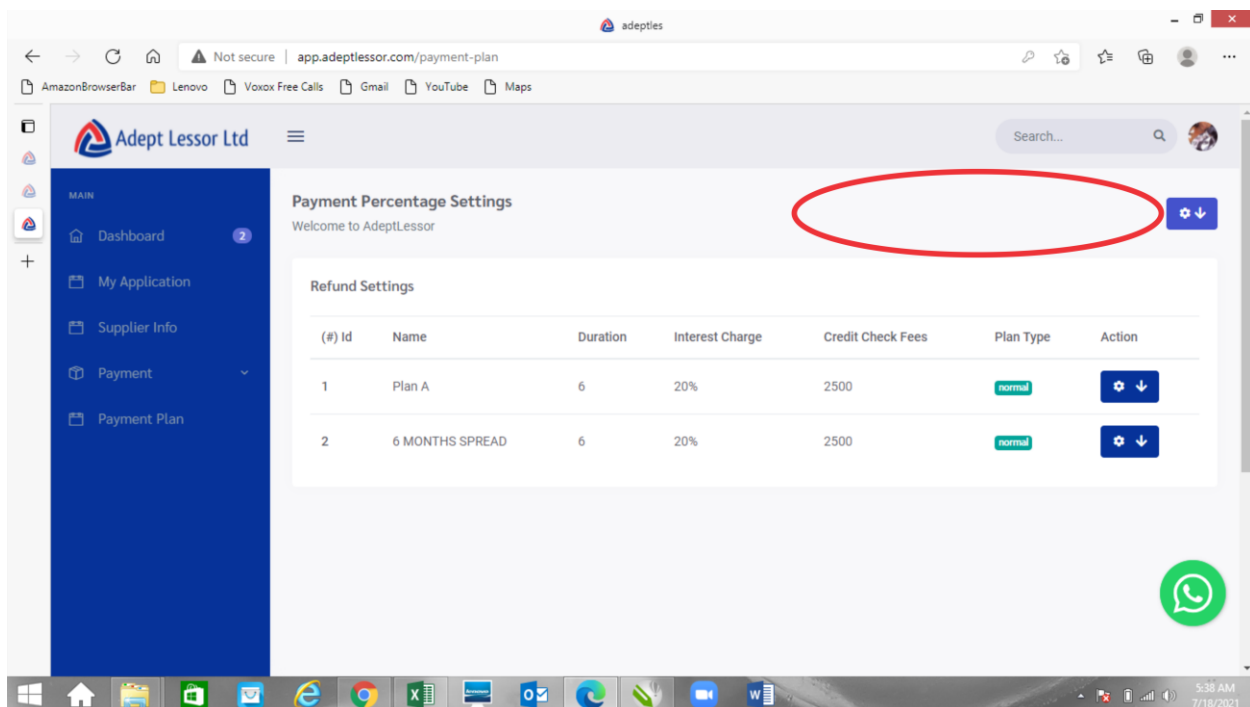

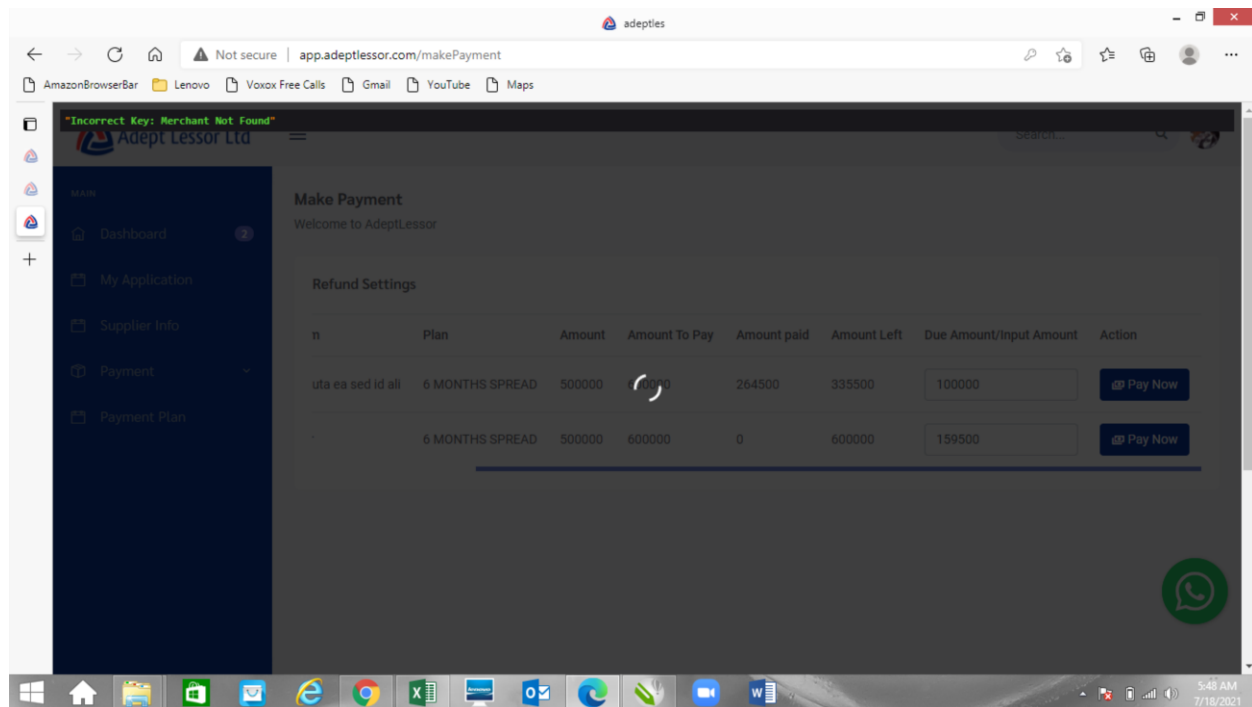

REVIEW 10: As shown on the screenshot below, Change the 'Equity Contribution (%)' to 'Advance Rentals (%)'

Also I noticed here that when I add a Percentage figure that is .5 (eg 7.5) after saving the Payment Plan, the figure jumps to 8. If it's 3.5, it jumps to 4, if it's 2.5, it jumps to 3. It happens to all the percentage text boxes on the form and it affects the calculation result. What could be the reason?

REVIEW 11: This is what the payment portal is still doing when I tried to initiate payment.

REVIEW 12: BVN added to the profile session is still not still functioning and please also add NIN to that session as well.

REVIEW 13: We need to add automated email deliverables to the app for the following activities:

- When there is a new sign up
- For password change or forgot password
- When there is a New Leasing Application
- When Application is approved
- Monthly leasing payment reminder
- When a leasing is completed

Let me know how this will be achieved so I can work on the email content.
